Pipe OF THE Year 2018

The 2018 Pipe of the Year is another unique addition to the annual release for which Peterson is famed. This year's edition possesses an elegant oval shank and a generously sized chamber that is neatly tapered at the base. Each pipe is finished in a rich chestnut hue and is fitted with an acrylic fishtail mouthpiece and a hall marked sterling silver band. The 2018 Pipe of the Year is available in Smooth, Sandblast and Rustic finish.

Rustic

Available with Fishtail mouthpiece only.

System Spigot Series

The celebrated System pipe was first introduced in 1875 and has been synonymous with the Peterson name ever since. Retaining the signature System pipe functionality and original Peterson-Lip mouthpiece, the System Spigot Series incorporates a hall marked sterling silver spigot that is a ubiquitous Peterson mark. Using the six most popular System shapes, each briar is finished in a light walnut gloss stain and is hand stamped with the traditional 'System' name plate.

Also available in shape 303 not illustrated below.

Available in P-Lip only. Available with 9mm filter.

The Evening Collection

A marbled grey mouthpiece is richly contrasted against a satin ebony finish that is expertly applied to each briar. Each acrylic fishtail mouthpiece has been shortened to create a compact pipe that is a fitting addition to the Peterson Army series. A sterling silver band and the placement of the signature Peterson aluminium 'P' to the mouthpiece provide a classic finish.

Churchwarden Spigots

The 2018 collection marks the first introduction of a Spigot line to the Churchwarden series. Incorporating 6 shapes, each slender acrylic mouthpiece is fitted with a hall marked sterling silver band while the briars are finished with a vibrant racing green stain to create an elegant addition to the Churchwarden series.

Summertime Pipe 2018

The Limited release 2018 Summertime Pipe's features 6 sandblast briars that are left in their natural state. Each briar receives a light brush and polish so that the contours of the sandblasting are illuminated. A nickel mount stamped with the traditional 'K&P' markings is added together with a cream and mocha acrylic mouthpiece to create a unique addition to the 2018 collection.

Christmas Pipe 2018

The 2018 Christmas Pipe is a truly unique addition to the Peterson 2018 Pipe release. For the first time a copper band, complete with the traditional K&P stamping is used as the mount for each pipe. The rich copper mount is contrasted with a deep ruby stain that is applied to each briar. The name and shape number are laser engraved on each pipe and finished with an army style black acrylic mouthpiece.

Also available in a number of classic Peterson shapes not illustrated below

01, 05, 69, 87, 106, 221, 606, X105, XL02.

Available in Fishtail only. Available with 9mm filter.

The Kerry Series

The Kerry Series is a new entry level pipe addition to the 2018 collection. A dark chestnut stain is applied to 12 signature Peterson shapes. Each pipe is fitted with brass ring complete with a nickel inlay. A yellow and cream fishtail acrylic mouthpiece is fitted to create a classic Peterson pipe.
